

Intro to Navigating the Island of Aggression: DISCUSSING the Survey Responses

Purpose:

- Gives students a chance to learn trends in the responses from their classmates
- Allows them to discuss material they have probably never been asked to discuss before
- Introduces them to the issues they will cover in the Navigating the Island of Aggression Unit

Materials:

- Instructions for downloading and discussing the results of the Survey, available in the intro [video](#).
- Anonymous results you have downloaded from the on-line version of the Survey.
- Anonymous results you have compiled from the printed Survey (if any).
- Projector or other way to display the anonymous results of the Survey.

Procedure:

1. Discussing the results of the Survey should take 15 mins or so.
2. Try not to show any negative or positive judgments of the results, just model curiosity.
3. You might be surprised what you learn!
